MISSION

To develop charitable gifts and resources dedicated to building healthier communities in Southwest Ohio.

VISION

To be the most respected, responsive and supportive source for health care philanthropy in Southwest Ohio.

“When kindness is combined with our advanced technology, full range of services and convenient locations, you have our not-so-secret recipe for success in serving all those who need our care, regardless of their ability to pay.”

— KEITH BRICKING, MD

Legends .........................Inside Back Cover
DEAR FRIENDS:

As an emergency medicine physician by training, I’ve seen a lot during my career working in hospital emergency departments. What always impresses me, however, is the kindness that patients, families, and staff show one another in often stressful situations. Those moments of caring and gratitude can make all the difference during a long and busy shift.

Now, as president of Atrium Medical Center, I see that same kindness all around me in our physicians, staff, volunteers, and donors. We all have one focus: providing the best possible experience for our patients, who show their gratitude by returning the kindness when they can. When kindness is combined with our advanced technology, full range of services, and convenient locations, you have our not-so-secret recipe for success in serving all those who need our care, regardless of their ability to pay.

Our legacy of caring, now more than a century long, testifies to the infinite power of kindness. The hospital that began as a response to hometown disasters was conceived and built by community members who cared enough to make a difference. Today, everyone associated with Atrium carries on that proud legacy. We continually find new ways to serve the evolving needs of our patients and our community. I’m especially grateful to our kind donors whose support helps to bring many of our visions to reality.

Whenever you and your family need us, know that we’re here for you with advanced care delivered with a big dose of kindness. We greatly appreciate your trust in us.

Gratefully,

Keith D. Bricking, MD, MBA, FAAEM
President
Atrium Medical Center

THANK YOU!

After serving two years as president at Atrium Medical Center, Michael R. Uhl became president of Miami Valley Hospital in Dayton, part of the Premier Health family, on January 1, 2019. Atrium Medical Center Foundation salutes Mike for his leadership in building healthier communities.

Michael R. Uhl
In the most unlikely places, we find reminders that kindness matters. You might see “Be Kind” spelled out in a chain link fence along the road, discover a hand-lettered sign suggesting “Scatter Kindness,” or read an article about how to raise kind children.

At Atrium Medical Center Foundation, we are truly blessed to see the infinite power of kindness making an impact every day. Thanks to the kindness of our remarkable donors, we’re able to improve life for patients, their loved ones, and our community. We’re honored to help turn the wonderful intentions of our donors — who want to make a difference for their neighbors — into tangible results that change lives.

For more than a century, our hospital has been an integral part of life here in our Southwest Ohio communities, serving with kindness as well as advanced technology. Good stewardship enables us to do more with the gifts we receive. Today, the Foundation’s assets total nearly $23 million. We’re completing the final segment of our three-year campaign, Tomorrow’s Promise: Continuing the Legacy, which celebrates the hospital’s 100th anniversary and positions Atrium for success in the century ahead. Donors to A Promise to You are creating better experiences for Atrium’s patients and families. The first two campaign segments created our Senior Emergency Center and improved behavioral health care.

We are beyond grateful for the kindness of all of the donors and volunteers who support the Foundation’s mission and work. In this issue, you’ll meet just a few of them:

- Dr. Jeffrey and Karen Zollett, Larry and Iver Howell, Tom and Kathy Grossmann, and other individuals and families who commit time and resources to building healthier communities
- Ohio Eagle and Berachah Church, who support events that bring people together for a good cause
- Mike and Linda Snyder, long-time Foundation supporters, who recently established an endowment to honor Mike’s mother
- Atrium Auxiliary Middletown, Middletown Area Federation of Women’s Clubs, and other groups who make service a way of life

Inspired by the infinite power of kindness, the Foundation will always connect donors to meaningful ways to change lives. We thank you for your kindness in supporting our patients and our mission of service.

Michael D. Long
Chair, Board of Directors
Atrium Medical Center Foundation

Michael D. Stautberg
President
Atrium Medical Center Foundation
Jeffrey Zollett, MD, and Karen Zollett

For decades, the Zollett family has been making a positive impact on health care in our community. Phillip Zollett, MD, was a trusted family physician for 40 years. As he neared retirement, his twin sons, Jeff and Scott, picked up where their dad left off and formed their own physician practice. Zollett Medical Associates has helped keep Southwestern Ohio families healthy since 1977.

Today, Dr. Jeffrey Zollett is taking steps to ensure his impact continues long after he’s gone. He and his wife, Karen, recently established an endowment with Atrium Medical Center Foundation.

Kindness to the community is a long-standing Zollett tradition.

Jeff has donated his time and expertise to improve the health of the Middletown region since he first became a family physician. He has helped shape the direction of health care in our area by volunteering on countless committees and, when asked, accepting leadership roles. During his career he has served as president of the medical staff at Middletown Regional Hospital (Atrium’s predecessor), medical representative on the hospital board, medical representative on the Premier Health board, and chairman of the Atrium Medical Center board.

Today, Dr. Zollett serves on the Foundation board.

“With this endowment, I know my support will continue after I’m gone.”
—JEFFREY ZOLLETT, MD
“I’ve always believed that if you want a say in how things are done or what the future will look like, you have to get involved,” he says. He credits his family and office staff with providing the support that has enabled him to attend the countless meetings that go along with such commitments. “They made it easy!”

In addition to donating his time, Dr. Zollett, along with his brother Scott, contributed to the creation and ongoing maintenance of the outdoor courtyard on Atrium’s first floor. “Our donation was to honor our parents, Phillip and Roslyn. It’s a beautiful space that gets a lot of use. I walk by it every day.”

Jeff and Karen’s new endowment is just one more way the Zolletts can promote health and wellness in Southwest Ohio. “With this endowment I know my support will continue after I’m gone,” he says. “It seems like a natural thing for us to do.”
‘DOING RIGHT’

DRIVES COUPLE’S SUPPORT

Mike and Linda Snyder

“Friendship is a sheltering tree.” Such is the bond between Mike and Linda Snyder and Atrium Medical Center. During the last 25 years, the Snyders and the hospital both have been on the receiving end of an unwavering, sheltering friendship.

It began in 1994 when Atrium’s predecessor, Middletown Regional Hospital, hired Mike – owner of a small telecommunications company – to work on a project. The relationship grew, as did Mike’s company. He’s never forgotten the kindness.

“I never went home,” he chuckles. It’s true. After 16 years of contract work with the hospital, including installing telephone wiring and cabling when Atrium was being built, Mike became a volunteer. He can be seen every Wednesday and Thursday on his mail route of 75 stops. That’s 7,000 steps on his Fitbit, Mike adds.

The Snyder-Atrium connection runs deeper than Mike’s work and volunteerism, however. About half of the couple’s 31 grandchildren and great-grandchildren were born at either Middletown Regional or Atrium. Their daughter volunteers in the hospital’s Hilltop Gift Shop, and four other family members have ties to Atrium or Premier Health either through work or volunteerism. In addition, the hospital has treated Mike during two bouts of cancer.

“We have a vested interest in supporting Atrium,” Mike admits. “We’ve been involved for 25 years now. We feel like we’re part of the family.”

Their contributions have included consistent support of Atrium Medical Center Foundation’s annual campaign and fundraising events, providing their first significant gift during the
Atrium Medical Center building campaign. Mike explains how that gift helped them explore the Foundation, noting, “They’ve never disappointed us.”

Driving Mike and Linda’s giving philosophy is a passion for recognizing “doing right,” which they say Atrium models time and again. But it’s the kindness shown to a struggling business more than 25 years ago that inspires their kindness in return. In 2018, the Snyders increased their support when Mike initiated an endowment fund in memory of his mother, Jacqueline C. Snyder, who passed away in 2017. The fund will support services near and dear to their hearts: Women’s Center, Family Birth Center, and cancer services. Through their gift, they join the Heritage Society, which recognizes donors who include Atrium in their estate plans.

Giving for the Snyders is perhaps best summed up by Linda: “We’re blessed beyond belief.”

Mike goes one step farther. “We want to leave this earth with nothing,” he says. “No stuff, no money. Our goal is to leave with nothing at all except a lasting, positive legacy.”
As president of Ohio Eagle Distributing, Devyn Dugger believes it’s important to show the company’s commitment to the community it serves. Headquartered in West Chester, Ohio, Eagle distributes Budweiser, Anheuser-Busch, and other popular beers to eight counties in Southwest Ohio.

One way Ohio Eagle demonstrates its support is by donating to various Atrium Medical Center Foundation events, including the triennial gala and the James A. Combs Memorial Golf Tournament.

“One of the pillars of our company is to give back to the community and be a good steward,” says Devyn. He knows that many of the company’s 110 employees and their families were born and raised in Middletown. “We make a point of knowing what’s important to our employees and investing in those places. Atrium Medical Center is one of those places.”

Although he didn’t grow up in the area, Devyn says, “I know the hospital has been significant in the lives of many of our employees, and so being generous to Atrium is meaningful to them.”

“We’re in a unique position because we get to be in a great industry and live in an amazing area,” he adds. “It makes us feel proud as employers and employees to give back to those who need it, and we’re in a great position to do that.”

Ohio Eagle is a subsidiary of Gold Coast Eagle Distributing based in Florida. Ohio Eagle’s generosity to the Foundation follows the precedent set by Dickerson Distributing. In 2014, Gold Coast Eagle Distributing purchased Dickerson Distributing, an 80-year-old family business that was headquartered in Monroe.
Larry and Iver Howell

Although Larry Howell hasn’t lived in Ohio since 2010, he hasn’t forgotten his roots. Middletown High School, Bethel AME Church, Atrium Medical Center. “That community is my home,” he says.

After a 37-year career with the U.S. Post Office, which included roles as postmaster in Springboro and Delaware, Ohio, and executive positions in Nebraska and Missouri, Larry retired in 2000. He eventually moved to Punta Gorda, Florida, to be with the woman who would become his wife, Iver. The two met through an online dating website. Iver, from Baltimore, Maryland, was living on Florida’s west coast, wrapping up a long career in the travel industry: beginning as flight attendant, then management roles, and ending as ground handling manager at Punta Gorda Airport.

“Atrium has done a lot for my family. With kidney disease and Parkinson’s disease, my mom spent a lot of time at Atrium and in the rehab facility.”
— LARRY HOWELL
Larry and Iver’s shared love of traveling was an immediate connection. They married in 2010 and have enjoyed retirement in the Florida sun ever since. They also enjoy international travel, including recent trips to Dubai, Paris, and Barcelona.

But Larry hasn’t forgotten his roots. Each year Larry and Iver spend the Christmas holidays in Middletown. His parents are buried here, and one sister still lives nearby. “Middletown is like a magnet for me,” says Larry. Iver agrees. “The community, and Larry’s family, they’re like second family,” she says. “I’ve been that close to them since the day Larry and I met.”

It is this love for Middletown, and the special bond Larry had with his mother, Henrietta Gates, that inspires Larry to give generously to Atrium Medical Center Foundation each year. “Atrium has done a lot for my family. With kidney disease and Parkinson’s disease, my mom spent a lot of time at Atrium and in the rehab facility,” explains Larry. Making an annual donation in her memory is Larry’s way of recognizing his love for her and his appreciation for Atrium. “It’s something I plan to continue doing each year.”

“[Making an annual donation is] something I plan to continue doing each year.”
A simple “yes” by Tom Grossmann nearly two decades ago continues to inspire Tom and his wife, Kathy, in their generous support of Atrium Medical Center.

It was the early 2000s, and hospital executives from Middletown Regional Hospital were exploring options for building a more accessible hospital to replace their landlocked facility. Tom and his family had moved to Warren County in the late 1990s. A private practice lawyer, Tom quickly became involved in his new community as a Mason City Council member. He was well connected to city and county government when hospital leadership asked for his assistance in executing their vision for relocation.

Tom shared in leadership’s vision to build a hospital with a stronger regional draw. “The move to the I-75 corridor was a big part of that,” he says.

Tom’s second “yes” didn’t take long. In 2002, he was asked to join the hospital board, a commitment he continued for 16 years. During that time, he supported Atrium’s efforts to add more physicians in the Mason/Deerfield Township area, as well as the 2015 opening of health services in Mason. His leadership was enhanced by multiple terms on Mason’s City Council, mayor and vice mayor terms, and election as a Warren County commissioner.

Tom and Kathy’s kindness toward Atrium didn’t end there.

They’ve provided consistent support for the Foundation’s annual campaigns and hosted tables they purchased at each gala, noting how the event is a great way for them to introduce friends to Atrium. Supporting the needs of mothers and children, especially at
the Maternal Health Clinic, has been a specific giving focus for the couple.

“They help in whatever way we ask,” notes Michael Stautberg, Foundation president.

As the Grossmanns reflect on the last decade of Atrium’s growth and expanded services, they note the value the hospital has brought to their community.

“To have a vibrant community, you need a great hospital to bring in businesses,” Tom says.

“Both Kathy and I have supported this.” Kathy, who was elected to Mason City Council in 2015, adds, “We’re so thankful for the Foundation and the hospital and for what they’ve brought to the region.”

Tom would like to see the community take Atrium even one step farther.

“As our community supports Atrium, that means Atrium can become an even better hospital to support the community,” he says. “Each one feeds off the other.”

“As our community supports Atrium, that means Atrium can become an even better hospital to support the community.”

— TOM GROSSMANN
Berachah Church: The Master’s Mission Golf Tournament

A round of golf can induce elation or frustration. It can be the genesis of new thoughts and ideas. And in some cases, it can even save lives.

It was nearly 15 years ago when two friends, while playing golf, began putting around thoughts for doing more for their community. Meanwhile, a new grief program at Atrium Medical Center called HEAL (Help Endure a Loss) had begun supporting families coping with the loss of a child.

The two converged October 1, 2018, at The Master’s Mission, an annual charity golf tournament and benefit dinner organized by Berachah Church that has raised more than $250,000 since 2005. The event is always held on the first Monday in October. Its mission is to enrich the lives of children through physical, spiritual and educational support.

Berachah Lead Pastor, Lamar Ferrell, was one of the two men on that golf course when the idea for the tournament was born. In 2018, the event joined with Atrium Medical Center Foundation to continue support for HEAL. It was a natural partnership. In 2017, Gemma Power Systems, LLC, who had been working in Middletown temporarily, made HEAL the beneficiary of its charity golf event. Many of Gemma’s friends continued their support through The Master’s Mission.

“It just made sense because The Master’s Mission is always about helping kids,” Pastor Ferrell notes. “We’re grateful for the continued sponsor support from Gemma’s friends. It was a win-win.” Event proceeds are shared among organizations working to improve the lives of children and families. In addition to helping families...
“Our mantra is ‘Play golf, save lives,’ so that’s what we’re trying to do.”
— PASTOR LAMAR FERRELL

coping with infant loss, the tournament also benefits youth programs and camps.

The partnership has helped The Master’s Mission grow, reaching full capacity in 2018 for the first time in event history. It has strengthened the church’s ability to spread compassion. “Compassion for our community is at the core of our commitment,” he says.

Pastor Ferrell is passionate about the benefits of the HEAL program and knows them well through his past work as a volunteer chaplain at Atrium Medical Center. “The program does so much, including safe sleep education, which is so important for parents to understand.”

He also speaks from personal experience, having journeyed with many of his church families through their own losses.

“Our mantra is ‘Play golf, save lives,’ so that’s what we’re trying to do,” he says.
KINDNESS IS THE NORM

AT OUR ANNUAL EVENTS

Each spring and summer, our annual events raise funds to help others in need. They are organized by generous volunteers who willingly donate their time to make each event possible.

JAMES A. COMBS MEMORIAL GOLF TOURNAMENT

It’s been nearly a quarter century since a group of area golfers met to honor Judge James A. Combs. Their enthusiasm continued on May 18, 2018, when dozens gathered at the Wildwood Golf Course. Chaired by Dan and Steve Dobrozsi, the 24th annual James A. Combs Memorial Golf Tournament once again honored the late Middletown community leader, prosecutor, trial attorney, and municipal judge. And once again, dozens of community sponsors generously provided support.

Tournament proceeds were shared by Atrium Medical Center Foundation and Kiwanis Club of Middletown. The Foundation’s share, nearly $18,000, benefited the Dr. E. Ronald Oches Endowment supporting the health care needs of children. Kiwanis Club proceeds helped provide scholarships for nursing students and eyeglasses for those in need.
HEAL (HELP ENDURE A LOSS) COMMUNITY FUN FESTIVAL

The summer heat didn’t stop enthusiasts from attending the 2018 HEAL Community Fun Festival on July 14, 2018. The sunny Saturday kicked off with a memorial walk/run on the scenic trails of the Niederman Family Farm. It was followed by a festival that included pony rides, balloon artists, face painting, games, prizes, and lots of picnic-style food and drinks.

This ninth annual day of fun brought together families and loved ones who are learning to cope with the death of a child. Whether the tragedy was due to illness, accident, miscarriage, or a reason that can never be explained, the support that families receive during this and other HEAL programs can be invaluable.

The event raised $17,500. Proceeds benefited the HEAL Endowment.

HIGHWAY TO HELP

Although it was summertime, the holidays were on the minds of enthusiastic area motorcyclists on a warm Saturday, August 4, 2018. These generous riders gathered at Atrium Medical Center for the fourth annual Highway to Help. The popular motorcycle charity ride benefits Adopt-A-Family, which provides gifts and other necessities to area families during the holidays.

Riders met at the Atrium campus and enjoyed a display by first responders. Then it was time for a three-hour ride through Warren, Preble, and Butler counties, highlighted by some of Ohio’s oldest covered bridges. The event ended at Mutts Brewery Lounge in Trenton, where participants enjoyed a cookout, live music, and raffle prizes.

This 2018 event, organized by dedicated Atrium employees, raised $15,000 for Adopt-A-Family.
In 2018, more than 1,000 kind donors gave their votes of confidence to the life-affirming work of Atrium Medical Center Foundation. These individuals, families, foundations, businesses, employees, and groups follow in the footsteps of the thousands and thousands of people who have contributed their precious resources to advance the hospital’s work for more than 100 years. They know that their gifts — combined with many others — will change lives. They’re counting on the Foundation to magnify the power of kindness to make a significant impact for health and wellness in our region.

Through the Foundation, donors have brought sophisticated new technology and equipment to the hospital. They’ve helped to fund campus gardens and walking trails, wellness programs, care for the uninsured and underinsured, and thoughtful touches that enhance care for patients and their loved ones.

Here are just a few of the ways that the Foundation has touched lives and improved health in recent years.

**EDUCATION AND TRAINING**

Funding: *High Tech Training for the Safest Care* campaign and ongoing contributions to scholarships and multiple endowments for training for health care careers

- 3 Human simulators purchased. Sim Man, Sim Junior and Sim Newbie enable Atrium and Premier Health staff to learn and practice essential patient care skills in a safe environment.

- $176,000 Scholarship funds awarded over the past five years

**BEHAVIORAL HEALTH**

Funding: *Promise of Hope* campaign

- 1,225 Average number of patients cared for in the Behavioral Health Unit each year

**MATERNITY**

Funding: *Little Blessings* campaign

- 921 Births each year, on average, in the Family Birth Center since Atrium opened in 2007

**HEART CARE**

Funding: *Advancing Care for a Healthier Community: Capital campaign for the Heart Center at Atrium Medical Center*

- 1,500 Cardiac procedures performed each year, on average, including open heart surgery; heart catheterization; stent placement; WATCHMAN®, defibrillator, and pacemaker implantation; cardioversion; electrophysiology studies; and cardiac ablation
MOBILE MAMMOGRAPHY

Funding: Every Woman, Everywhere campaign and Middletown Area Federation of Women’s Clubs Endowment for Women’s Health and Wellness

6,121 Total mobile coach mammograms provided from September 2015 (when the coach began operation) through 2018

638 Women who had their first-ever mammogram on the mobile coach

159 Patients who received financial assistance for a mobile coach mammogram

27 Women diagnosed with breast cancer based on mobile coach mammograms

SENIOR EMERGENCY CENTER

Funding: Fulfilling a Promise to Our Elders campaign

4,271 Patients seen in 2018. (Senior Emergency Center opened in 2017.)

20% of Senior Emergency Center patients admitted to the hospital. We’re making a difference treating patients who have experienced:
  • Falls
  • Flu symptoms
  • Complications from chronic diseases such as congestive heart failure, COPD, diabetes and others

CANCER CARE

Funding: Imagine a Cure campaign and Jim Geran Cancer Care endowment

136 Robotic-assisted surgery cases performed with the da Vinci® Surgical System in 2018
  • 42 General surgery cases
  • 74 Gynecology cases
  • 20 Urology cases

2,028 Patients with cancer who received financial assistance for necessities, such as nutritional supplements and gas cards, over the last five years.

$123,107 For services to better serve the whole person, including nurse navigation, access to exercise and care, and for financial assistance to patients for incidentals (beyond prescriptions) to keep them healthier during cancer treatments over the past five years

STROKE

Funding: Moments Matter campaign

109 Stroke patients admitted to Atrium’s rehabilitation center in 2018. Atrium is Warren County’s only Primary Stroke Center.

Because rehabilitation is critical to regaining as much function as possible after a stroke, the Foundation has funded a rehabilitation apartment, a car simulator, and more in Atrium’s rehabilitation center. Hospital data shows that Atrium’s stroke patients have made greater improvements in a shorter amount of time than patients at other facilities nationwide.
Thanks to the generosity of caring individuals, families, businesses, foundations, and community groups, patients at Atrium Medical Center benefit from advanced technology and caring services, close to home. Atrium Medical Center Foundation ensures that every gift supports the Foundation’s mission of building healthier communities for all who live and work in Southwest Ohio.

In 2018, 1,031 donors – including 239 new donors – contributed $1,177,416 to further the Foundation’s charitable work. These gifts reflect both pledges and cash contributions. Every gift is used for its designated intent. Every dollar is put to use where it will have the greatest impact to touch lives and improve health. Foundation endowments and investments stood at $22,590,028 at the end of 2018. Gifts reflect pledge and cash contributions.

REMEMBERING A TRUE PARTNER
MARY LOU ROEHLL

A wife, a mother, a friend, a teacher, a community volunteer — and Miami University’s 1950 homecoming queen. This is Mary Lou Jackson Roehll.

Mary Lou, wife of Walter H. Roehll Jr., MD, a now-retired leader in cardiac care at Atrium Medical Center, passed away on August 6, 2018, in hospice care near the couple’s home in Hilton Head Island, South Carolina. She was 90 years old. The couple, college sweethearts who were married 67 years, had four children. They were blessed with nine grandchildren and nine great grandchildren.

Upon her death, the Middletown Journal remembered Mary Lou as a “true partner” who supported Dr. Roehll during medical school as a teacher and served as a guiding star throughout his life. Dr. Roehll is quick to acknowledge the vital role Mary Lou played: “She raised the family, totally supported my efforts, and together we made the perfect team.”

The family requested that donations in Mary Lou’s memory be made to Atrium Medical Center Foundation. In honor of Dr. and Mrs. Roehll, the Foundation has renamed an endowment first launched in 2009 to the Mary Lou and Dr. Walter Roehll Jr. Cardiology Ancillary Services Endowment, which will help support cardiac technologists in their pursuit of further education. To make a gift to the endowment, please contact the Foundation.
A TRADITION OF SUPPORTING WOMEN

“Fighting breast cancer through access and mammography services” is part of the mission of the Breast Cancer Foundation. In 2018, one of the ways that mission was achieved was with a $5,000 donation to Atrium Medical Center Foundation. The gift was designated to pay for mammography screenings in Atrium’s mobile mammography coach for women who don’t have the resources to cover the cost.

As chairman of the Breast Cancer Foundation’s board of directors, Jim Hamilton explains that the efforts of the mobile mammography coach correlate perfectly with the mission of the Breast Cancer Foundation. Their donation in 2018 continues a tradition of supporting mammography screenings throughout the community. “Initially we helped fund the purchase of the coach,” says Jim. “Each year since then we’ve helped pay for screenings because they’re the number one line of defense against breast cancer. Early detection absolutely reduces mortality due to breast cancer.”

Nearly every day, Atrium’s mobile mammography coach travels to businesses, schools, churches, or events throughout Southwest Ohio, making it easier and more convenient for women to get a screening mammogram.

The Breast Cancer Foundation is managed by The Dayton Foundation.

Amazon Smiles
Outside the temperature was chilly. But inside the Atrium Medical Center Café, things were heating up. It was time for the 2018 Chili Cookoff, the annual staff event that pits Atrium’s best chili makers against each other, all to benefit the Friends In Need Fund (FIN) Endowment.

Favorite recipes were prepared by 22 chili chefs. Seventy-five foodies paid $2 for the opportunity to taste each one, then vote for their favorite. In the end, only one chef was named best overall.

But everyone walked away with a smile, says Tina Mayer, Atrium linen supervisor and Chili Cookoff coordinator. Rehab therapist Cindy Hay was co-coordinator.
“The Cookoff is always a lot of fun,” says Tina. “It’s a great way to get involved and get to know your co-workers a little bit better, all for a good cause.”

Proceeds from a basket raffle, donated by Atrium Medical Center Foundation, were included in the final tally. The popular basket was packed with everything you’d need to make your own tasty chili.

The 2018 event raised $386 for the FiN Endowment, which supports Atrium employees who need financial assistance in times of crisis.
98TH CHARITY BALL GOES GLOBAL TO SUPPORT WOMEN’S SERVICES

It took Phileas Fogg 80 days to circumnavigate the world. Guests attending the 98th Annual Charity Ball’s *Around the World in 98 Days* did so in one night, all while raising more than $14,000 to help area women stay healthy.

Sponsored by the Middletown Area Federation of Women’s Clubs, the Dec. 1 world tour began at Miami University Middletown with nearly 200 “travelers” meandering through France, England, Egypt, and more.

Event chairs Linda and Tom Fisler and co-chairs Lori and Andy Guyler carried the theme throughout Johnston Hall. Highlights included a lighted 12-foot Eiffel Tower, Big Ben, the Statue of Liberty, pyramids, global cuisine and themed centerpieces topped with red and white roses to honor Linda’s mother’s fight against ovarian cancer.

This year’s ball recognized Perry Thatcher and his family for their generosity and support of the Middletown community. Representing the family were daughters Sheree, Kathie, and Jennifer.

Proceeds support the Federation’s Endowment for Women’s Services at Atrium Medical Center. Created in 2010, the endowment funds mammograms and other preventive and diagnostic services for women who require financial assistance. The Federation has donated more than $1 million to fund equipment and services at the hospital since the ball’s inception in 1920.

GIFT SHOP FLOOR DONATED IN MEMORY OF JOYCE BURNETT

ATRIUM AUXILIARY MIDDLETOWN

Visitors to Atrium Auxiliary Middletown's Hilltop Gift Shop now enjoy a brighter shopping experience, thanks to the donation of a new floor, which was installed this winter. Sam Burnett made a lead gift for the floor in memory of his wife, Joyce, who selflessly gave nearly 20 years of service to the gift shop.

Joyce passed away in summer 2018 and soon was followed by Sam's passing in November.

“Sam’s loving tribute will impact all who visit our gift shop with a bright and cheery atmosphere,” says Auxiliary president Marilyn Heiger, “and it will bring dear memories to us of one of our most dedicated volunteers.”

During 2018, the Auxiliary contributed $35,000 to support the Joyce Burnett Gift Shop Endowment Fund as well as hospital projects and equipment, including a calming sensory room in the Behavioral Health Unit, a bereavement room for families in the surgery area and ongoing support for the Friend Program, which helps to make hospital visits more comfortable for patients.

The Auxiliary also provided more than $20,000 in health care-related scholarships for employees and their families. Since its beginning, the work of the Auxiliary has resulted in donations of nearly $1 million from special fundraising sales and gift shop proceeds.
HERITAGE SOCIETY

Heritage Society members have included Atrium Medical Center Foundation in their will or estate plans. Members are as of August 1, 2019. If you’ve included the Foundation in your estate plans, please notify us so we may recognize your generosity. Thank you!

SAVE THE DATE FOR
JOIE DE VIVRE GALA

SEPTEMBER 12, 2020

Mark your calendars now for an evening to celebrate life’s joyful moments. Please plan to join Atrium Medical Center Foundation for our fifth gala, Joie de Vivre, on Saturday, September 12, 2020, at the Sharonville Convention Center. Patricia Miller Gage is chairing the event, which benefits orthopedic care for patients at Atrium Medical Center. More details are coming soon. We look forward to seeing you there!
