

# COVID-19 TESTS AVAILABLE TO PURCHASE WITHOUT A DOCTOR'S ORDER

## COVID-19 TEST OPTIONS

PCR TEST

\$100

**Considered the gold standard for accuracy.** PCR is a molecular laboratory method used for making a very large number of copies of nucleic acid from a very small sample so that the virus' genetic material can be detected.

### Choose the PCR Test:

- When you have symptoms of COVID-19.
- For required documentation when you travel.
- To confirm results of a previous test.
- If you believe you have been exposed to COVID-19.

**RESULTS** will be posted in My Labs Now, generally within 3 days. **If you need your result for travel, please let us know when you arrive and we will expedite your test result.**

ANTIGEN TEST

\$60

The Antigen test detects the presence of a protein that is part of the COVID-19 (SARS-CoV2) virus. This test is considered a "rapid" test and delivers faster results. Positive results are usually highly accurate but negative results may need to be confirmed with a molecular test.<sup>1</sup>

### Choose the Antigen Test:

- When you have had symptoms for 5 days or less.
- If you believe you have been exposed to COVID-19.

**RESULTS** will be posted in My Labs Now, generally within a couple of hours.

### WHERE TO GET TESTING

#### MONTGOMERY:

11135 Montgomery Rd.  
Suite 200  
Cincinnati, OH 45249

#### WEST CHESTER:

Tylersville Point Center  
7743 Tylersville Rd. Suite E  
West Chester, OH, 45069

#### MIAMISBURG:

Miami Valley Hospital  
Austin Boulevard  
Emergency Center  
300 Austin W Blvd  
Miamisburg, OH 45342

Drive to COVID-19 Parking Spot and call phone number on sign. Please remain in your car - do not enter building.

## HOW TO OBTAIN YOUR COVID-19 TEST

- **APPOINTMENT REQUIRED** for COVID-19 PCR and Antigen tests. Go to [www.compunetlab.com](http://www.compunetlab.com) for locations and to schedule an appointment.

## PAYMENT

- Payment for testing is by credit or debit card only. Only tests with a doctor's order may be billed to insurance.

## RESULTS

- Test results are available through My Labs Now. To sign up, click the My Labs Now link at [www.compunetlab.com](http://www.compunetlab.com) or go directly to [mylabsnow.luminatehealth.com](http://mylabsnow.luminatehealth.com). You may also sign up on your smart phone by texting **MYLABS to 66349**. You will receive a signup link in a text message.
- Positive COVID-19 results are *required* to be reported by the lab to the state Department of Health.
- CompuNet Clinical Laboratories always recommends that you follow up with your doctor to discuss your lab results.

CompuNet advises all participants to follow up with a doctor to review lab results.

A negative test does not mean you will remain negative after the test

# MORE TESTS AVAILABLE THROUGH COMPUNET DIRECT

## Health Profiles:

A combination of tests

### Basic Health Profile : \$50

Heart (Lipid Panel - Cholesterol, Triglycerides, HDL, LDL, VLDL), Kidney/Liver (Comprehensive Metabolic Panel - Albumin, Globulin, A/G ratio, Total Protein, Alkaline phosphatase, ALT, AST, Total bilirubin, BUN, Creatinine, BUN/Creatinine ratio, GFR-glomerular filtration rate/estimated, Electrolytes - sodium, potassium, chloride, carbon dioxide), Diabetes (Glucose)

**FASTING PREFERRED**

### Complete Health Profile : \$99

Basic health profile, High Sensitivity CRP, and Prostate Screen (men) or Thyroid Screen (women)

**FASTING PREFERRED**

### Complete Health Profile with A1c : \$125

Complete health profile, High Sensitivity CRP, Glycohemoglobin A1c, and Prostate Screen (men) or Thyroid Screen (women)

## Infectious Diseases:

### COVID-19 IgG Antibody : \$65

Must be free of COVID-19 symptoms for at least 10 days to be tested. Labs are required by law to report positive results to the state health department.

### Measles Antibody : \$42

### Mumps Antibody : \$42

### Rubella Antibody : \$42

### Varicella Zoster Antibody : \$42

### Hepatitis A Immune Status : \$42

### Hepatitis B Immune Status : \$50

### Herpes Simplex (HSV) Antibody : \$52

### T-Spot Tuberculosis (TB) : \$75

The Centers for Disease Control (CDC) has determined that assays such as T-Spot may be used in any situation where a TB skin test would be used.

## Individual Tests:

Health and wellness testing

### Anemia Screen : \$45

Check iron status and supply level

**EARLY MORNING COLLECTION PREFERRED**

### Cardiac Screen : \$40

Detect risk of heart attack, coronary artery disease or stroke

### Cholesterol : \$20

### Complete Blood Count with Diff : \$35

Report the kind and number of cells in your blood

### High Sensitivity C-Reactive Protein : \$30

Provides a general marker for inflammation or infection

### Diabetes Screen (Glucose) : \$20

**FASTING PREFERRED**

### Glycohemoglobin A1c : \$29

Monitor glucose levels in diabetics

### Diabetes Management Panel : \$49

Includes Diabetes (Glucose) screen and Glycohemoglobin A1c test

**FASTING PREFERRED**

### Prostate Screen (PSA) : \$45

### Thyroid Screen (TSH) : \$45

### Serum Iron and TIBC : \$30

Determine how much iron is carried in the blood

**EARLY MORNING COLLECTION PREFERRED**

### Vitamin D : \$60

Detect vitamin D deficiencies

## FASTING:

If your test requires fasting, do not eat or drink anything except for water for 8-12 hours before your test. Do not stop taking your prescription medicine while you fast. If your doctor advises you to eat food with your medicine, consult your doctor before fasting.

CompuNet advises all participants to follow up with a doctor to review lab results.

**WE ALSO ACCEPT  
LAB ORDERS FROM  
ALL HEALTHCARE  
PROVIDERS.**

**CompuNet**  
**DIRECT**

All CompuNet Direct testing is self-pay with credit or debit card. CompuNet can only bill insurance for testing ordered by doctor.

- Go to [Compunetlab.com](https://compunetlab.com) – Online appointments to schedule your appointment.
- Convenient online patient portal, [My Labs Now™](#), where you can access your test results.

**GO TO COMPUNETLAB.COM FOR MORE INFORMATION ABOUT  
LOCATIONS AND TESTING.**
