The individual to be screened must meet the USPSTF requirements to be eligible for the one-time AAA Screening (CPT 76706). Any additional aortic survey exams or follow-ups should be ordered as an US Aorta Survey CPT 76775 or a Vascular Aorta Duplex Scan CPT 93979.

US AAA Screening eligibility criteria:
- Age 65-75 years
- Asymptomatic
- No prior AAA Screening
  - Male
    - Smoker-past or present-over 100 cigarettes in lifetime
      - Or
    - HX of CVD, CAD, HTN, OBESITY, or Family HX of MA
  - Female
    - Smoker-past or present and Family HX of AAA
