Convenient for Women

No doctor's order is needed for a screening mammogram for women age 40 and older. Women make an appointment by phone to schedule their visit. The mobile coach is staffed by an all-female team, and results are interpreted by radiologists at Atrium Medical Center.

Easy for You

We will work with you to help ensure the mobile mammography coach experience is a good one for you and the women who schedule mammograms. We will provide turnkey setup information and marketing materials to help you publicize the coach's availability at your location.
