MISSION
To develop charitable gifts and resources dedicated to building healthier communities in Southwest Ohio.

VISION
To be the most respected, responsive and supportive source for health care philanthropy in Southwest Ohio.

DEAR FRIENDS:

What a difference a year makes! I’ve had the privilege of serving as Atrium Medical Center’s president since early 2019. Since then, I’ve gotten to know our amazing team, our remarkable donors and volunteers, and the diverse residents of the communities we serve. I’m sincerely proud of all we do at Atrium to build healthier communities in Southwest Ohio.

Of course, you would expect me to tout our great services and compassionate care. But we also have independent verification of the value we provide. Atrium is one of America’s 100 Best Hospitals® in 2020, as named by Healthgrades®. This award puts us in the top 2 percent of hospitals nationwide for exhibiting clinical excellence year over year.

With this award, we advanced from being one of America’s 250 Best Hospitals, an honor we’ve held since 2015. We’re now in the same award category as Dayton’s Miami Valley Hospital, our Premier Health partner. No other system in the Dayton region has hospitals in this elite group.

Atrium has long been known locally for the caring and skill of our people. Now the word is out in Southwest Ohio! The Cincinnati Enquirer named Atrium to its Top Workplaces 2020, a first for the hospital. I witness every day how our staff uses their talents to do their very best for our patients and for one another. I’m so grateful for all the ways they lead with compassion.

These milestone accomplishments would not be possible without the dedication and support of our hundreds of generous donors and volunteers. Your time, energy, and funds enable us to do so much more for our patients and our communities.

Living up to your high expectations for care and caring is always our goal. We’re honored to serve you. Thank you for believing in Atrium Medical Center.

Gratefully,

Keith D. Bricking, MD, MBA, FAAEM
President
Atrium Medical Center
For more than 100 years, from your hospital’s earliest days, your good health has always been our focus. As our staff and buildings grew and moved — through wars, recessions, and pandemics — we’ve never lost sight of our reason for being: to care for you and your family.

Today more than ever, Atrium Medical Center Foundation is committed to helping your hospital thrive. Supporting the Foundation is the most effective step you can take to ensure that excellent health care will always be here when you need it, close to home. Our generous donors step up because they know that insurance and patient fees will never cover the costs for much-needed new life-saving technologies, wellness programs, care for the uninsured and underinsured, and patient-focused amenities.

Governed by a board of local leaders, the Foundation gives you the opportunity to shape the future of health care in our region. Since our founding in 1984, we have invested more than $18 million in our communities. Recently, the Heritage Society welcomed our 100th member to our growing group of donors who include the Foundation in their wills or estate plans. The Joy of Movement campaign, launched in 2019, continues to raise funds to enhance orthopedic care at Atrium.

With sadness, we salute the remarkable life of a kind and generous local leader. Wilbur Cohen, a Foundation founding board member, served many years in hospital and system board positions. He and Mary Jean helped to fund new hospital services and are members of the Heritage Society. They were honored with the Foundation’s Community Hero Award at our inaugural gala in 2007. We continue to be thankful for tremendous support from the entire Cohen family.

We are deeply grateful to all of our donors who support the Foundation’s mission and work. In this report, you’ll meet just a few of them:

- **Dr. Tom Scott** and family, who recently established an endowment to honor Bonnie Scott, and the **Dobrozsi family**, who make giving back a family tradition

- **Bob and Barbara Mills** and the Gala of Hope Foundation, doing even more to make life easier for patients with cancer

- The families of **Jim Bruner** and **Dr. Jerry Hammond**, who chose to memorialize their loved ones with gifts to the Foundation

- **Atrium Auxiliary Middletown, Middletown Area Federation of Women’s Clubs**, and others who make service a way of life.

Whatever health challenges our community faces, our Foundation will be there, making life better for you and your family. We are sincerely yours.

Michael J. Scorti
Chair, 2019 Board of Directors
Atrium Medical Center Foundation

Michael D. Stautberg
President
Atrium Medical Center Foundation
Honoring the woman who was the heart of their family, longtime Atrium Medical Center Foundation supporter W. Thomas Scott, MD — along with his daughters, Kim and Gwen — established an endowment with the Foundation in memory of his late wife, Bonnie. The Bonnie Scott Nursing Education Endowment primarily supports continuing education in maternal and child health for Atrium’s nursing staff.

Born in Cincinnati in 1938, Bonnie grew up in Fort Mitchell, Kentucky. Valedictorian of her Beechwood High School class, she went on to earn a bachelor’s degree in nursing from the University of Cincinnati in 1960 and subsequently taught nursing at Miami University Middletown.

Dr. Scott and Bonnie married in 1957 and arrived in Middletown in 1966 after a stint in the U.S. military in Germany. Their son, Brad, was born there. As Dr. Scott pursued his medical practice, which grew into the Middletown Medical Group, he and Bonnie raised their three children, instilling in them a love of nature and a keen sense of adventure as they served our community.
and a keen sense of adventure. Along the way, Bonnie worked with the national Blue Ribbon Schools project, was a member of the women’s philanthropic group PEO, and volunteered as a tutor for the adult literacy program. She also was an active member of the hospital’s auxiliary.

Dr. Scott retired from his practice in 2003 to spend more time with Bonnie, his children, and his granddaughter, Sophia, especially at the small southern Indiana farm he inherited from his father. In 2009, Dr. Scott and Bonnie — along with Dr. Raymond and Jean Anne Kiefhaber — established the Outdoor Artwork and Landscape Feature Endowment to support the beautification of Atrium’s campus.

When Bonnie became ill, her family and friends rallied around her. Sadly, she and Brad both passed away in 2018. The Bonnie Scott Nursing Education Endowment not only honors a beloved woman, but also creates an opportunity for others to pursue a rich career in nursing.

As Foundation President Michael D. Stautberg notes, “Bonnie Scott’s devotion to her family, her passion for education, and her love of nursing are reflected in this endowment. Her legacy will live on, thanks to the family’s support of Atrium Medical Center.”

Bonnie Scott’s devotion to her family, her passion for education, and her love of nursing are reflected in this endowment. Her legacy will live on, thanks to the family’s support of Atrium Medical Center.

— MICHAEL D. STAUTBERG
SINCERE LOVE OF PEOPLE LEADS TO
33,000 volunteer hours

JIM BRUNER

If you ask Lola Bruner for the secret to her 69-year marriage to Jim, she’ll tell you it required plenty of give and take. But a quick review of their life together shows there was a lot more “giving” than “taking.”

The couple met in Lansing, Michigan. Of their brief six-month courtship, Lola contends, “I knew a good thing when I saw it!” Shortly after marrying, the newlyweds moved to Middletown, where Jim worked as a research metallurgist for Armco. Lola worked as a teacher, raised four children, and followed in her mother’s footsteps by volunteering — first for the Red Cross, then for Middletown Regional Hospital.

Forty years after making Middletown their home, Jim retired from Armco and searched for a new way to stay busy. So he joined his wife as a volunteer at Middletown Regional and eventually Atrium Medical Center. “But while I volunteered just one day a week, Jimmy wanted more,” Lola remembers. “He signed up to work four days a week!” First he delivered patient meals, then he walked the halls pushing the mail cart. Eventually he worked in the volunteer office.

Although his shift didn’t begin until 9 a.m., Jim would wake at 5:30 and was at the hospital and ready to begin work at 8, Lola laughingly recalls. “I guess he was eager to get there! It meant a lot to him — to both of us — that we were doing something good for someone else.” In the eyes of this generous couple, “doing something good for others” also meant regular donations to Atrium Medical Center Foundation.

Jim and Lola Bruner were both long-time volunteers at Middletown Regional Hospital and Atrium Medical Center. Jim became a volunteer after retiring from Armco. In addition to making lives better as volunteers, the couple also raised four children and made time for travel.
By the time the two retired from volunteering, Jim had logged an incredible 33,000 hours between the two hospitals. “He truly loved it — the people he worked with and the patients,” Lola recalls with sincerity. “He often told me the best part of the job was meeting other people. Many of them became our good friends.”

Shortly after Lola and Jim put their volunteer days behind them, Jim was diagnosed with a brain tumor. He died in September 2019 at age 92. “I miss him like the very devil,” Lola muses. “He was such a great husband, a great man. I wouldn’t have traded him for anything in the world!”

“

He truly loved it — the people he worked with and the patients. He often told me the best part of the job was meeting other people. Many of them became our good friends.

— LOLA BRUNER
MAKING EXPANDED cancer care possible

GALA OF HOPE FOUNDATION

Atrium Medical Center patients who are fighting cancer have a strong ally in the Gala of Hope Foundation. In 2019, the Premier Health foundations — including Atrium — received a generous grant award to support integrative therapies for oncology patients at the system’s cancer centers, and to replace the mobile mammography coach, funded in part by Atrium Medical Center Foundation donors and operated by the hospital.

The in-demand mobile mammography coach travels to businesses, physicians’ offices, and public venues throughout Southwest Ohio. Last year, 2,164 patients received a mammogram on the mobile coach, and of those, 14 patients learned they had breast cancer. The success of this life-saving program is due in large part to the generous support of the Gala of Hope Foundation.

An all-female team staffs the mobile coach, which contains the same advanced technology found in Premier Health breast centers. Screening mammograms on the coach do not require a physician’s order for women age 40 and over. However, appointments are required. Visit PremierHealth.com/MobileMammo for the current list of locations for public events.

The grant also supports expanded integrative therapy services at Atrium and other Premier Health hospitals. Certified instructors tailor classes to meet patients’ individual needs and abilities. Muscular strength and endurance, cardiorespiratory fitness, flexibility, and body composition are assessed.

Our patients are grateful for their positive experiences with both massage therapy and the cancer exercise program. They are also very appreciative that the programs are offered at no cost to them. To date, the majority of patients have opted for massage therapy.
Medical oncology physicians also are enthusiastic about integrative therapies. Many add an order in their electronic medical record system to make the exercise program referral a standard within their practice. Nurse navigators also promote the program in their interactions with patients.

Our sincere thanks go to the Gala of Hope Foundation, seeking to diminish cancer and its effects in the 14-county Dayton region. The foundation was established by Bob and Barbara Mills. Sadly, Bob passed away in July 2020, but his legacy of giving lives on in the continuing support and encouragement the foundation provides for patients with cancer in Greater Miami Valley communities and beyond.

Our sincere thanks go to the Gala of Hope Foundation, seeking to diminish cancer and its effects in the 14-county Dayton region.
Generations of generosity

The Dobrozsi Family

Ask Dan Dobrozsi where he learned to be generous and he’ll walk you through his family tree. His parents, both sets of grandparents, great uncles, cousins, great grandparents — the list of generous Dobrozsis is a long one. “It’s just something we grew up with,” Dan says.

The annual James A. Combs Memorial Golf Tournament is one example of Dobrozsi kindness. The event, which benefits special causes at Atrium Medical Center and the Kiwanis Club of Middletown, is practically a Dobrozsi family affair. For years the tournament has been chaired by Dan and his dad, Steve. But the family’s involvement runs much deeper. “Aunt Mary pounds the streets getting sponsors, then stuffs all the goodie bags that each golfer receives.” Dan’s brother Pat helps in any way he can, setting up signs. Mom Wendy worked behind the scenes before her passing in August 2020. “If there’s a job to do, I can find a relative who’s happy to do it,” says Dan.

My parents taught my siblings and me, ‘You’re not lucky, you’re fortunate. You need to give back.’ They learned it from their parents, who learned it from their parents. — Dan Dobrozsi

Not lucky. Fortunate!

“My parents taught my siblings and me, ‘You’re not lucky, you’re fortunate. You need to give back.’ They learned it from their parents, who learned it from their parents,” Dan says with sincerity. “We don’t do it for the recognition; we just want to be a family that gives back.”

They also volunteer because it’s fun.
“It doesn’t seem like work when you’re enjoying what you’re doing,” says Dan. “Plus, I just think people should help other people.”

Dan credits his great uncle Frank with introducing the Dobrozsi legacy of fun and generosity to Middletown. Born in Hungary, Frank Dobrozsi entrenched himself in the community as soon as he arrived. “As the postmaster, he knew this community well,” Dan explains. “He was known for helping residents get their immigration papers, getting citizenship, and then getting a job. I’ve met so many people who tell me my great uncle Frank helped them!”

It was Frank’s big personality and sharp memory that set the Dobrozsis on the path to philanthropy. “According to my dad, Frank could walk into a crowded room and already know half the people there: their spouse’s name, kids’ names, dog’s name. Then, by the time he left, he’d know the other half!”

Thank you, Dobrozsi family, for all you do for Atrium Medical Center and our community.
Fun is always on the agenda for these annual fundraisers that bring Atrium Medical Center Foundation supporters together for great causes. They’re organized by generous volunteers who sincerely believe in our mission of building healthier communities.

**JAMES A. COMBS MEMORIAL GOLF TOURNAMENT**

Wildwood Golf Course was the site of the 25th annual James A. Combs Memorial Golf Tournament on May 17, 2019, chaired by Dan and Steve Dobrozsi. With nearly 144 golfers, the event raised almost $35,000. Tournament proceeds were split evenly between Atrium Medical Center Foundation and the Kiwanis Club of Middletown.

Atrium’s portion of the proceeds support the Dr. E. Ronald Oches Endowment for children’s health care needs at Atrium Medical Center. The endowment funds equipment, education, access to care, and patient assistance, and touches families at the Maternal Health Clinic, Family Birth Center, and Emergency Trauma Center. Kiwanis Club proceeds help to provide scholarships for nursing students and eyeglasses for those in need.

We are grateful to all the players, sponsors, and volunteers who came out to enjoy the day and support great causes in our community.

**HEAL (HELP ENDURE A LOSS) FAMILY FUN FESTIVAL**

Families gathered on June 8, 2019, to celebrate and remember children gone too soon at the 10th annual HEAL Family Fun Festival at the Niederman Family Farm in Liberty Township. More than 250 people enjoyed the day, which started with a memorial walk/run on the scenic trails, followed by the fun of a giant bounce pad, skydivers, and a petting zoo, among many other family-friendly activities.

The event raised $13,000 for the HEAL (Help Endure A Loss) Endowment supporting the HEAL program, which provides care and support, without cost or obligation, for families who have experienced the death of a child. Our thanks to the many volunteers and supporters who made the event possible, and to the caring moms, dads, and kids who made this day so memorable and helped to provide vital and loving support for our HEAL families.
HIGHWAY TO HELP

It’s a highlight of the summer for motorcycle riders! The fifth annual Highway to Help ride in support of Adopt-A-Family left Atrium with a roar at noon on August 3, 2019, for a three-hour outing. More than 100 riders took part in the event, which featured a covered bridge tour and a cookout after the ride at Mutts Brewery Lounge in Trenton.

The event raised nearly $20,000 for the Adopt-A-Family program that provides gifts and other essentials for families during the holidays. Through support from Atrium Medical Center Foundation and hospital employees, 47 families and more than 100 children received assistance from the program last year. We extend our sincere appreciation to event chair Jim Bruggeman and all the participants for their support of Adopt-A-Family.
ENDOWMENTS

make care even better

DONORS FUND ESSENTIAL SCHOLARSHIPS

“An investment in knowledge pays the best interest.” — Benjamin Franklin

Education is near to the hearts of many donors to Atrium Medical Center Foundation — specifically, helping others achieve their dreams through education. Of the more than 60 endowments currently held at the Foundation, many fund scholarships and additional training for employees.

Gifts from far-sighted donors have improved care at the hospital through the years, as our staff acquires new skills and insights that they bring to patients. This investment in our people continues to propel Atrium to reach new goals.

Most notable is Atrium achieving Magnet® status in 2019, the highest distinction a health care organization can receive for nursing excellence and high quality patient care. Generous endowment gifts from many donors — some going back more than half a century — made this honor from the American Nurses Credential Center possible now.

For instance, the Nadine and Beryl Orr Nursing Excellence Endowment, established in the mid-1990s, enables approximately 50 Atrium nurses a year to further their education and careers. Achieving Magnet status requires that registered nurses with associate degrees go on to obtain a bachelor’s degree. Those in management positions must attain advanced degrees.

Thanks to the Orrs and many others whose gifts focus on education, Atrium’s nurses receive the financial support they need to continue their education.

“These two sisters never could have imagined that their gift would lead to such a tangible success so many years in the future. That’s the power of endowments,” says Candice DeClark Peace, chair of the Foundation’s planned giving committee.

Today, about half of Atrium’s education funds assist employees going back for degrees, with the other half funding certifications, seminars, and other professional development that will raise the hospital’s standard and level of care. For instance, respiratory therapists benefit from training on a sophisticated newborn mannequin to hone their skills for treating newborns in Atrium’s Natural Beginnings center.

“One established, endowments continue to support the hospital through good times and bad. You, too, can leave a meaningful legacy by establishing an endowment,” Peace explains. Named endowments are always an option. You may also contribute to existing endowments to extend their reach. To learn more about how you can touch the future, please contact the Foundation.

Bold type indicates endowments established August 2018 – July 2020.
Thanks to the generosity of caring individuals, families, businesses, foundations, and community groups, patients at Atrium Medical Center benefit from advanced technology and caring services, close to home. Atrium Medical Center Foundation ensures that every gift supports the Foundation’s mission of building healthier communities for all who live and work in Southwest Ohio.

In 2019, 1,126 donors — including 420 new donors — contributed $1,273,974 to further the Foundation’s charitable work. These gifts reflect both pledges and cash contributions. Every gift is used for its designated intent. Every dollar is put to use where it will have the greatest impact to touch lives and improve health. Foundation endowments and investments stood at $23,928,378 at the end of 2019. Gifts reflect pledge and cash contributions.

**Patients**
- 9,843 Admissions

REMEMBERING

Dr. Jerry Hammond

With the November 25, 2019, death of Jerry Hammond, MD, 85, the Atrium Medical Center family lost a beloved physician, a committed community leader, and a devoted family man and friend. Dr. Hammond practiced medicine in the Middletown-Franklin-Springboro area as a solo practitioner for 45 years. “Integrity, humility, compassion, generosity, and dedication were Jerry’s hallmarks,” notes retired cardiologist Walter Roehll Jr., MD. “A superb diagnostician and clinician, he was a doctor’s doctor. And that’s the highest compliment any physician can receive.”

Dr. Hammond was married for 54 years to his wife, Jean, a dedicated hospital volunteer who passed away in 2011. They were proud parents of Jeff, Lori, and Terri, and grandparents of Christopher. Dr. Hammond served on the Middletown Regional Hospital board from 1984 until the early 1990s. He served as physician co-chair of Atrium Medical Center Foundation’s 2001 campaign to establish an outpatient dialysis center. A strong supporter of Atrium Medical Center, he stepped up again to serve on the Atrium board from 2006 to 2012 and was a member of the Foundation board from 2013 to 2015. As Atrium opened, the hallway that connects the hospital to the Professional Building was named for Dr. Hammond by then-hospital President and CEO Douglas McNeill. Dr. Hammond was honored as the 2013 Physician Hero by Atrium’s Medical Executive Committee.

In 2011, to celebrate the Hammonds’ lifetimes of service, the hospital board established the Dr. Jerry and Jean Hammond Endowment to help support rehabilitation, neurological, and rheumatoid arthritis services. The endowment also funds an annual honorarium awarded to a family practice physician for excellent service to patients. If you’re interested in adding to this endowment in memory of Dr. Hammond, please contact the Foundation.

SUPPORT WE’VE COME TO rely upon

MAISON DEERFIELD ROTARY CLUB AND FOUNDATION

A reliable friend. That’s the most accurate way to describe our relationship with the Mason Deerfield Rotary Club and Foundation. This group of dedicated leaders consistently answers our calls for help. We’ve grown to count on their generosity, talent, and financial support during special times of need.

You’ll find Rotarians volunteering at the annual HEAL (Help Endure a Loss) Family Fun Festival. HEAL offers support to those grieving the loss of a child. Each year, enthusiastic Rotarians spearhead some of the festival’s games and provide prizes for the children.

The Rotarians’ reach extended to Central America when they supported Atrium Medical Center general surgeon Daniel Butler, MD, and other medical staff on a missionary trip to Nicaragua. The funds helped to provide medical equipment as well as replace the operating room’s dirt floor to improve health, sanitation, and infection control.

“We’re deeply grateful for the friendship and support of Mason Deerfield Rotarians,” says Samuel Lobar, Foundation director of major gifts. “With their help, Atrium is able to do more for our patients and community. Rotarians extend their generosity and compassion to our employees, as well.”
STRONGER TOGETHER:

EMPLOYEES DONATE TO THE HOSPITAL AND to each other

Our dedicated employees are the heart and soul of Atrium Medical Center and Premier Health. Beyond giving their all every day to our patients, they also shine by donating generously to the annual Premier Health Employee Giving Campaign.

Last year, employees gave $42,000 during the campaign to support these programs at Atrium:

- Orthopedic care and a new rehab gym on 4 South
- Scholarships for employees to advance their health care careers
- Friends in Need (FIN) Fund to support co-workers
- Area of personal choice: A service or program close to the employee’s heart, such as HEAL (Help Endure a Loss), cancer care, trauma services, and more.

- Greatest need

While the campaign was underway, the Memorial Day tornadoes ripped through Dayton. Atrium and all Premier Health employees generously reached out to help their co-workers who suffered property damage and spoiled food due to the loss of power.

Throughout 2019, employees gave nearly $60,000 to Atrium Medical Center Foundation. In the last six years, employee gifts of more than $300,000 have supported nurse navigators, the Senior Emergency Center, behavioral health services, mobile mammography, the SIM Learning Education Lab, and more. We are grateful for the generosity and compassion of our co-workers in supporting each other and our patients.

enhances services for women

It was a sparkling holiday celebration on Dec. 7, 2019, when An American Christmas Affair took place at the Miriam Knoll Center at Miami University Middletown. This was the 99th Charity Ball hosted by the Middletown Area Federation of Women’s Clubs. The 2019 theme referred to military personnel home for the holidays, a subject that is very close to the hearts of Mike and Gail Clarey, who chaired the event.

The 2019 Charity Ball raised $20,000, adding to the cumulative total of more than $1 million dollars that has benefited projects in most areas of Atrium Medical Center. Since 2010, proceeds have supported the Federation’s Endowment for Women’s Services that provides financial assistance to women for mammograms and other preventive and diagnostic services. Each year, nearly 100 women receive assistance thanks to proceeds from the Charity Ball.

Several volunteers were recognized for their participation in the fundraiser, including co-chairs Andy and Lori Guyler, Federation President Virginia Jenkins, and special honorees John and Pat Dupps, who both have served Atrium Medical Center Foundation in significant leadership roles over the years. Our sincere thanks to the sponsors, volunteers, and attendees who made the 2019 Charity Ball a Christmas affair to remember.

ATRIUM AUXILIARY
MIDDLETOWN CREATES A
MORE PLEASANT VISIT
for patients

Each year, Atrium Auxiliary Middletown funds projects and programs to enhance patient care and our patients’ experience. These improvements would not be possible without the members’ creativity, service, and generosity. In 2019, the Auxiliary funded:

- An automatic blood pressure monitor for use with inpatients during a stress test, which frees up staff to focus on the patient
- A snack cart in the cancer treatment area that provides nutritious snacks to patients undergoing chemotherapy or infusion
- Funding to convert any hospital room (temporarily) to a more hospice-like care setting to enhance the end-of-life experience for patients and families

In addition to more than $28,000 allocated for these new projects, funding also went toward the Joyce Burnet Gift Shop Endowment Fund and the Friends Program, which helps to make hospital visits more comfortable for patients. Funds were also allocated for new furniture in the Behavioral Health Unit.

Our sincere thanks to Marilyn Heiger, whose most recent term as Auxiliary president ended in 2019.

Atrium Auxiliary Middletown raises funds for the hospital by operating Hilltop Gift Shop and sponsoring a variety of sales throughout the year, such as the annual purse sale.

**RUNNING THROUGH her grief**

**LISA ASHER**

Losing three babies to miscarriage in 18 months was almost more than Lisa Asher could handle. “I was in a dark hole,” says the Trenton resident. She crawled out of that hole with the support of family, friends, and Atrium’s HEAL (Help Endure a Loss) program. HEAL’s Walk to Remember and support groups taught Lisa that “miscarrying three babies didn’t need to be a secret.” Listening to others who had lost a child, she realized “it was OK to be feeling the way I did.”

To help her grieve, Lisa turned to running. “It was my way to be active while honoring the babies I lost.” With encouragement from her brother and running partner Matt, Lisa surprised herself by completing Cincinnati’s Queen Bee Half Marathon in October 2019. Together they raised $2,000 to benefit HEAL “and to honor all the beautiful people who had experienced losses.” Her mantra: Let’s grow stronger together.

Today Lisa has temporarily retired her running shoes. She’s pregnant and expecting a daughter in October. “Jon and I absolutely could not be happier!” she says. Eventually she’ll return to running. “I hope to be pushing a stroller during my next race!”

Husband Jon painted his face to show support for Lisa’s half marathon.
SAVE THE DATE FOR

Joie de Vivre Gala

MAY 15, 2021

You won’t want to miss this rescheduled evening to celebrate life’s joyful moments! Please plan to join Atrium Medical Center Foundation for our fifth gala, Joie de Vivre, on Saturday, May 15, 2021, at the Sharonville Convention Center. Patricia Miller Gage is chairing the event, which will honor Community Heroes Dr. Bruce and Neila Barnes, and Physician Hero Raymond Kiefhaber, MD. Funds raised will benefit orthopedic care for patients at Atrium. We look forward to celebrating with you next year!

**HERITAGE SOCIETY**

Heritage Society members are strengthening health care for generations to come by including Atrium Medical Center Foundation in their will or estate plans. Members are as of August 20, 2020. If you’ve included the Foundation in your estate plans, please notify us so we may recognize your generosity. Thank you!
