

Schedule Your COVID-19 or Flu Test

Premier Health and CompuNet Clinical Laboratories offer screening (nasopharyngeal) testing at seven locations throughout Southwest Ohio.

A physician's order is required at all locations.

You must schedule an appointment at ALL testing locations, except the OnMain location.

Which Testing Sites can I go to?

You may go to any of the seven testing locations of your choice, as long as you schedule an appointment online and have a physician's order.

Testing is available for people who are:

- Symptomatic: Currently have symptoms of COVID-19
- Symptomatic: Currently have symptoms of the Flu
- Preparing for a surgery or procedure? COVID tests are only required for:
 - Patients undergoing open lung or airway procedures unless a positive test was obtained in the 180 days prior.
 - Any patient (vaccinated or unvaccinated) undergoing procedures under general anesthesia unless a positive test was obtained in the 180 days prior.
 - Any patient (vaccinated or unvaccinated) undergoing upper endoscopy unless a positive test was obtained in the 180 days prior.

For patients with a positive test, unless contraindicated due to need, recommend delay surgery for 7 weeks from onset of symptoms or test result, whichever is earliest. This screening should take place 3 to 4 days prior to your surgery or procedure.

IN AN EMERGENCY: Go to your local emergency room or call 911 immediately, as that is the safest way for you to get care in an emergent health situation.

Physician's Order Required

By Appointment Only

Schedule a visit: PremierHealth.com/CovidTesting or CompuNetLab.com

For the 6 testing locations listed below, you **MUST SCHEDULE** an appointment online. If you arrive without an appointment, you will be redirected to the OnMain location or asked to schedule an appointment online at one of the other testing locations. **If you experience an issue scheduling online using Internet Explorer, try a different browser like Chrome, Edge, or Firefox.**

For CompuNet locations: Please remain in your car and call for COVID, Flu, or RSV testing when you arrive.
