

Fidelity Health Care is one of the region's most trusted names in home health care and has been serving 16 counties in the Miami Valley since 1984. Fidelity's team of skilled professionals are trained to provide the optimal level of care in the comfort of patients' homes. It is a member of Premier Health.

Home care aides assist patients with daily living tasks such as bathing, dressing, and personal care.

Fidelity educates patients and caregivers how to manage their care at home. Fidelity works with the patient's physician to develop a care plan that meets their needs.

Fidelity's compassionate caregivers provide support with daily activities, meal planning and preparation, light housekeeping, errands, and transportation for appointments, just to name a few.

Medical social workers help families and patients solve long-term planning, palliative care, finances and insurance, as well as to make connections with available community resources.

Disease management programs for COPD, CHF, wound and ostomy, infusion therapy, and Telehealth programs.

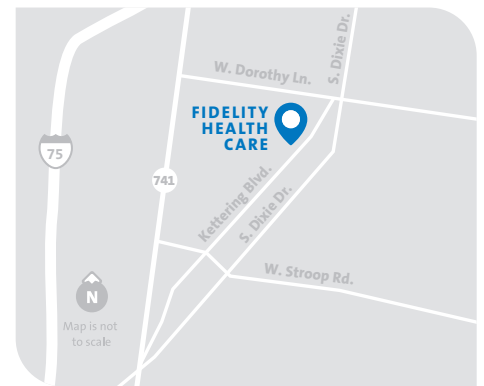

Wide range of medical equipment available such as walking aids, hospital beds, wheelchairs, bathroom equipment, and other safety aids that can be delivered to a patient's home

Fidelity offers home infusion therapy, through which specially trained infusion nurses administer medications via needle or catheter in the comfort of a patient's home.

In-home rehabilitation includes physical, occupational, orthopedic, and speech therapy.
