

## Advanced Learning with the Trauma Team

Tag along with our trauma team as they round and receive trauma patients in Miami Valley Hospital's Level I Trauma Center. You'll round for four hours and receive State of Ohio EMS continuing education credits in Trauma.

### Objectives:

- Observe the care process and decision making for a trauma patient at the Level I Trauma Center
- Describe the flow of a trauma patient in the Shaw Emergency and Trauma Center thru discharge with all the interdisciplinary teams
- Discuss the importance of monitoring lab values on the multiple trauma patient with multiple co-morbidities

Contact our EMS Coordinator to schedule your time:
