

## PHG COVID-19 Update: *September 16*

Dear Valued Providers

We want to be a resource to our Premier Health Group Independent providers. As our health care system begins to stabilize, we will provide clinical and operational updates as they become available to continue and provide support to providers.

In addition, we have created a resources page on the [PHG website](#).

Please feel free to contact us directly at **(937) 499-7441** with any questions you might have or if you would like to speak with our Medical Director, Scott Swabb, DO.

Yours sincerely,

Diane L. Pleiman, MBA, FACHE  
President, Premier Physician Network

[Modifications for Influenza Testing](#)

## Modifications for Influenza Testing

For the first time this fall, the United States must contend with a flu season wrapped within a global pandemic, as noted recently by a study in the Journal of the American Medical Association. Premier Health is taking steps to ensure that residents can receive their seasonal flu immunizations safely.

During the pandemic, anyone exhibiting flu-like symptoms can be safely tested after **first obtaining a physician's order**.

If deemed appropriate by their provider, the patient can visit one of the following locations and, with the collection of a single swab, be tested for both COVID-19 and seasonal influenza:

- **OnMain, 1229 S. Main St., Dayton** (no appointment required): 10 a.m. to 5 p.m. Monday through Friday.
- **Certain CompuNet patient service centers** (appointment required), including:
  - **11135 Montgomery Road, Suite 200, Montgomery:** Monday-Friday, 1 p.m. to 4:45 p.m.
  - **62 N. Breiel Blvd., Middletown:** Monday-Friday, 1:30 p.m. to 4 p.m.
  - **2355 Derr Road, Springfield:** Monday-Friday, 10 a.m. to 4:45 p.m.
  - **1850 W. Main St., Troy:** Monday-Friday, 1 p.m. to 5 p.m.

The following locations are available to Premier Health patients seven days per week (appointment and physician order are both required):

- **Atrium Medical Center**, One Medical Center Drive, Middletown (drive-through location at Behavioral Health Unit canopy)
- **Upper Valley Medical Center**, 3130 N. County Road 25A, Troy (drive-through location in the parking lot northeast of the former Dettmer Hospital site)
- **Premier Health Urgent Care - Vandalia**, 6700 Commerce Center Drive (patient calls upon arrival; is met at door)
- **Premier Health Urgent Care - Miamisburg**, 8 Prestige Plaza Drive (patient calls upon arrival; is met at door)

Results from the specimen testing are generally available within 24 hours. To view all locations, [view the flier](#) or visit [www.PremierHealth.com/covidtesting](http://www.PremierHealth.com/covidtesting).

If your patient goes to a **CompuNet** location or the **OnMain** location, below are the test options for you to choose from.

TEST NAME	SPECIMEN COLLECTION NEEDED	EPIC ORDER CODE	COMPUNET ORDER CODE
COVID-19 STANDALONE TEST: SARS CoV2 RNA REAL TIME RT PCR	1 Nasopharyngeal swab in dry tube	LAB10321	COVID
RESPIRATORY PCR w SARS CoV2 <i>Respiratory PCR Panel tests for Influenza A, Influenza B, RSV, Parainfluenza 1, 2, 3, 4, Adenovirus, Metapneumovirus, Rhinovirus, Enterovirus, Coronavirus (separate coronavirus - not COVID-19), Bordetella pertussis, Chlamydia pneumoniae, and Mycoplasma pneumoniae). SARS CoV2 will be added on to this test automatically.</i>	1 Nasopharyngeal Swab in VTM/UTM	LAB10307	RPPCOV
INFLUENZA SCREEN BY PCR (For adult and pediatric population suspected of COVID/FLU only.)	1 Nasopharyngeal Swab in VTM/UTM	LAB5372	FLUPCR
FLU A, FLU B, AND RSV (For Pediatric Population suspected of COVID/FLU/RSV.) aka Inf A, Inf B & RSV by PCR	1 Nasopharyngeal Swab in VTM/UTM	LAB5478	FLURSV

COMBO PROFILES Please be aware that tests will report back as individual tests	SPECIMEN COLLECTION	EPIC ORDER CODE	COMPUNET ORDER CODE
COVID PCR WITH FLU PCR (includes COVID19 - SARS CoV2 RNA, QL Real Time RT PCR and FLUPCR - Influenza A and B PCR)	1 Nasopharyngeal Swab in VTM/UTM	LAB10319 + LAB5372	CVFLU
COVID PCR WITH FLU/RSV PCR (Includes COVID19 - SARS CoV2 RNA, QL REAL TIME RT PCR and FLURSV - Influenza A, Influenza B, and RSV PCR)	1 Nasopharyngeal Swab in VTM/UTM	LAB10319 + LAB5478	CVFRSV
