

SOUL SHOP

Ministering to Suicidal Desperation

Equipping Faith Community Leaders to Train their Congregations to Minister to Those Impacted by Suicide

Friday, April 17, 2020 from 9:00 a.m. to 4:00 p.m.

Miami Valley Hospital South, Conference Rm 1315

Suicide. We've got to talk about it even though people would rather not.

Suicide rates have increased by 30% over the last 20 years. In 2018, close to 50,000 lives were lost to suicide and it is now the 2nd leading cause of death for youth age 10-24.

Then it is no surprise that one out of every two people in a given congregation has personally been affected by suicide.

Soul Shop™ trains faith community leaders to offer support, hope, and connection to those in their congregations, including:

- Adults and youth who are considering suicide
- Family members and friends who are anxious about a person who may be considering suicide
- Persons who have lost a loved one to suicide

- Second Day people – those who have been suicidal in the past but have found a way out of suicidal thinking

The Soul Shop™ experience demonstrates that with a few simple conversational tools you can save a life. You can ease the suffering of someone dealing with the hopelessness and isolation that accompanies suicidal desperation.

Co-sponsored by the Ohio Chapter of the American Foundation for Suicide Prevention, Soul Shop™ equips participants with the resources and guidance they need to foster hope and healing in their community.

This workshop is appropriate for ministers, youth leaders or anyone who wants to learn more about ways to walk alongside those whose lives have been touched by suicide.
