

**This update includes information about our new COVID-19 PCR test, a table with current COVID-19 test options, Respiratory PCR orders, extended Patient Service Center hours, and Memorial Day closings.**

**New Option for COVID-19 PCR Testing**

CompuNet is very pleased to offer an additional option that will greatly expand access for patients suspected of having a COVID-19 infection. This test is performed at CompuNet’s core laboratory with recently acquired test instrumentation that provides for high-throughput testing.

If you are interested in collecting COVID-19 specimens within your office on symptomatic patients, please contact your CompuNet account representative for supplies. CompuNet will continue to offer COVID-19 PCR testing through the UD Collection Center for those who do not plan to collect specimens in the office setting.

**Current COVID-19 Test Offerings**

Test	Premier Health EPIC Test Order Code	CompuNet Test Order Code	Specimen Type	Note
SARS-CoV2 PCR	LAB10321	76964	Nasopharyngeal Swab in dry transport tube	Please contact your CompuNet account representative for supplies and information
Respiratory PCR Panel with SARS-CoV2	LAB10307	76957	Nasopharyngeal Swab in VTM or saline	
SARS-CoV2 PCR*	LAB10320	39448	Sputum and Lower Respiratory Collection (BAL)	*Quest Sendout
SARS-CoV2 IgG Antibody	LAB6596	76962	1ml Serum, Collect in SST tube	

**Respiratory PCR Panel Orders**

The CDC continues to recommend testing for other causes of respiratory illness, for example influenza, in addition to testing for SARS-CoV-2. Please be aware that CompuNet is seeing a decline in the number of positives for respiratory viruses as “flu” season begins to come to a close in our area. For CDC clinical criteria go to: <https://www.cdc.gov/coronavirus/2019-nCoV/hcp/clinical-criteria.html>

## Expanded Patient Service Center (PSC) Hours Beginning May 16

CompuNet is pleased to announce that we now offer expanded Saturday hours at select Patient Service Centers. In addition, we offer Sunday hours at our PSCs within Atrium Medical Center and Upper Valley Medical Center.

CompuNet provides specimen collection for provider-ordered SARS CoV2 IgG Antibody testing at all patient service centers. The UD Collection Center antibody testing is by appointment for those individuals who **do not** have a physician order.

If you have a patient who tested positive for COVID-19 and is interested in donating their plasma to the Convalescent Plasma Program through Premier Health, they can learn more and complete a donor form at <https://www.premierhealth.com/services/infectious-disease-care/covid19-info-and-how-to-help/ways-to-help/plasma-donations-from-recovered-covid-19-patients>.

### **PATIENT SELF-PAY OPTIONS FOR COVID-19 IgG ANTIBODY TESTING**

CompuNet offers two options for individuals who prefer to order antibody testing directly. To utilize the UD Collection Center and to schedule an appointment, patients should go to <https://www.compunetlab.com/covid-19-antibody-orders.html>. UD Collection Center requires an appointment.

The direct option with no appointment needed is available at all CompuNet Patient Service Centers.

The test is payable at time of service (checks and credit cards) and the price is \$65. The direct option is available to individuals 18 years or older.
